1. What was your overall experience of the restorative circle training?

My overall experience was good. I enjoyed it.
I liked that I met new and older people.

2. What part did you find most interesting?

I liked that the centerpiece of the circle helped
us focus on each other. Also that the centerpiece
held the talking pieces.

3. Do you feel that you would be able to facilitate a circle on your own?

Yes, because Ms. Vallejo and our fellow peer
mentors instructed and guided us.

4. Do you feel that you need more training?

Yes so I can ask more questions and
get more perspectives on facilitating.

5. Will you be able to lead circles during your CREW?

No because I feel it easier to facilitate a
circle of younger peers.
